

REMARKS

Pages 1 to 36 (specification text minus the claims, abstract and drawings) of the original specification were discovered to have typographical errors. These errors were in the form of a box where there should have been another symbol such as: °C. The original text is clear as to the nature of the typographical errors. The metric system of measurement has been used throughout. Temperature is based on °C as shown in the drawings. No new matter has been added to the original scope of the application.

Applicant hereby elects the species according to Example 5 with claims 26-29, 32-35, 38-42, 45-48, and 51 being readable thereon.

Favorable consideration on the merits is requested.

Respectfully submitted
for Applicant,

By: _____
